

Denbighshire County Council
Children & Family Services Voluntary Organisation Grant Allocation
2011/12

Introduction

Within the Children and Family Service Business Plan 2011-2012 a commitment has been made to achieve the vision set out below and ensure the needs of children and young people are appropriately met.

Our vision is:

To aim high for the Children and young people of Denbighshire to ensure that they have an equal chance to fulfil their potential, keep safe and healthy and succeed in their future pathways.

In order to achieve this vision the following priorities have been identified:

- **Extending the provision of services to Children with Disabilities**
- **Improved outcomes for looked after children**
- **Strengthened services to Children In Need and children on the Child Protection Register – with a focus on preventative and family support services**

It is important that a range of services are provided against the identified funding priorities set out below. Voluntary organisations providing services for Denbighshire communities are therefore invited to apply for funding through the Voluntary Organisations Grant for 2011-2012.
