

## **Denbighshire County Council ECO4 Flexible Eligibility Statement of Intent**

Publication Date: 19/12/2022

Version number: V.2

Publication on web site: [www.denbighshire.gov.uk](http://www.denbighshire.gov.uk)

This statement sets out Denbighshire County Council's flexible eligibility criteria for the Energy Company Obligation (ECO4) scheme from December 2022 – March 2026.

The ECO4 scheme will focus on supporting low income and vulnerable households. The scheme will improve the least energy efficient homes helping to meet the Government's fuel poverty and net zero commitments.

Denbighshire County Council welcomes the introduction of the ECO4 Flex eligibility routes as it helps the Council achieve its plans to improve the homes of those in fuel poverty or vulnerable to the cold.

The Council has worked for many years on projects to improve energy efficiency and reduce fuel poverty on a county wide basis but note that the final decision whether a householder receives an ECO measure is made by the obligated energy supplier or their agents/contractors and Flintshire Council / Denbighshire County Council cannot guarantee the installation of measures.

The Council is publishing this Statement of Intent (Sol), on the 19/12/2022 to confirm that each of the identified households will adhere to at least one of the four available routes outlined below:

Route 1: SAP bands D-G households with an income less than £31,000. This cap applies irrespective of the property size, composition, or region.

Route 2: SAP bands E-G households that meet a combination of two of the following proxies:

Route 3: SAP bands D-G households that have been identified as housing a person suffering from a severe and / or long-term health condition that is adversely affected by living in a cold home. These health conditions may be cardiovascular, respiratory, immunosuppressed, or limited mobility related. For this referral route, detailed written evidence from a licenced medical practitioner or health board/NHS trust is required for proof of eligibility.

Route 4: SAP band D-G households that are referred under Route 4: Bespoke Targeting. Flintshire Council (on behalf of Denbighshire County Council) can submit an application to BEIS where they have identified a low income and vulnerable household, who are not already eligible under the exiting routes.
