

PRESTATYN HIGH STREET

PUBLIC REALM IMPROVEMENT SCHEME

DETAILED DESIGN CONSULTATION

As part of the UK Government's Local Regeneration Fund (LRF), Denbighshire County Council has been awarded funding to carry out a number of projects that will help to improve the look and feel of some key areas of Denbighshire.

One of these areas is the public realm (visible space) in Prestatyn High Street.

We are looking at making improvements to how Prestatyn High Street looks and feels.

We hope the project will:

1. Make public areas look and feel nicer.
2. Make it easier to access the town centre from key locations such as the retail park, railway station and bus station.
3. Improve signage around the town so people can find their way around more easily.
4. Encourage greater tourism and investment in the town and encourage people to support independent retailers.

We would be really grateful if you could take part in our consultation survey.

We are keen to hear from Prestatyn residents and visitors about the improvements proposed for the town centre.

Responses received to this survey will help inform the final design for construction.

Responses must be received by **5th July 2026**.
