

Appendix H – Performance data used to measure the Quality Standards

The set of performance measures have been established by the Welsh Government to help local authorities to evaluate their success in relation to the six Quality Standards. Some of these performance measures are new for 2016/17, so we cannot report our performance against them all for 2015/16. We have also been establishing new systems to

Measuring Quality Standard 1:

Measure	2016/17 data	2015/16 data
% of service users responding positively to the question "If you have looked for information about support or services in the past year, have you found it easy or difficult to find? This may be from any organisation".	95%	80%
People reporting they were treated with dignity and respect	99%	98%
% of service users responding positively to the question "During your assessment, did you have an opportunity to explain your problems and your views on your situation?"		95%
% of service users responding positively to the question "Did you feel that the person who visited you listened to your concerns?"		97%
% of service users responding positively to the question "Overall, how satisfied are /were you with the care and support services you received?"		98%
